Vehicle identification and authorized search

The affidavit describes the vehicle as: **“A 2013 Dodge Challenger with a Utah License Plate T44CE.”**

The requested vehicle search included firearms/components, ammunition, gunsmithing material, exterior/interior photographs and video, trace/forensic evidence, physical evidence, electronic devices, recorded data, identification cards, and the vehicle’s infotainment/telematic systems and related digital storage media.

The trace/forensic scope expressly included **fingerprints, GSR (Gunshot Residue), hair, fibers, and biological fluids**. Authorization to search for GSR is not itself a finding that GSR was recovered.

Vehicle timeline stated in the affidavit

The affidavit states that an SBI agent confirmed Robinson co-owned a 2013 Dodge Challenger bearing the plate written in this warrant as **T44CE**.

It states that UVU security video showed the Challenger entering a Campus Drive parking structure at approximately **08:28**, the driver returning to the vehicle at approximately **09:24**, and the vehicle leaving at approximately **09:32** traveling northeast.

Return / property listed as taken

The return lists a **Vantrue N2 Pro dashcam with cord**, an empty CamelBak water bottle, a wireless adapter, another empty water bottle, gray Volcom shorts (size 32), a Dixie Tech 2023 student ID, two swabs from the inside front passenger door handles, two swabs from the inside front driver door handles, and two steering-wheel swabs.

The return notes that this warrant is connected to Search Warrant No. **3214771**.
